

COBRA EXPRESS

is the "Surf Explosion" from Karlsruhe - a crunchy mix of the 60s Beach Party Surf Music and Rock'n'Roll. A **COBRA EXPRESS**-Show is an instrumental surf beat in a class of its own!

Dance on! ... Your dancing feet are most welcome!

COBRA EXPRESS was founded 2012 by sound tinkerer ROC Cobra, beatman MIKE Cobra and slapin' bassman C.C. Cobra. These three surf types, sometimes in Hawaiian outfit, sometimes incognito with wrestling masks, bring with them many years of music experience (e.g. Up To Vegas, The Flames) the stage for rocking and the audience for dancing. A musical entertainment, partly with artistic performances, which impresses with enormous enthusiasm and energy. The three musicians play a purely instrumental surf of the modern kind that makes experts think, for example, of DICK DALE or LOS STRAITJACKETS.

"Honey Bunny in Martini Mood" is the theme and instrumental fusion of **COBRA EXPRESS**. With popular classics from Tarantino films, movie soundtracks and lots of their own surf-songs, **COBRA EXPRESS** tours both in small clubs and well-known events. The big repertoire of cover songs can be confidently described as "Pulp Fiction-Party". Their own songs are just as surf music has to sound today: not denying the roots, but being open to other influences as well, so let's groove and rock, let's accelerate, but at the next song, we can take the tempo again. With titles like *Beach Cruiser*, *Takatuka Land*, *Tijuana Tequilla* or *Waikiki Beach Party* everything is said.

Time to Surf ... Shake your Body!
